

BRITISH VALUES

At First Rung we value:

Individual liberty

We believe you have the right to be true to yourself, to follow your dreams and fulfill your potential.

Mutual respect and tolerance for those with different faiths and beliefs

We respect your right to your faith and beliefs and expect you, in turn, to respect the faith and beliefs of others.

Democracy

We respect democracy because it is the system that provides the laws and public services that help and protect us. We believe very strongly in your right to participate in the democratic process and have your say on things you care about.

The rule of law

We believe the rule of law should be there to help you in ways such as:

- Ensuring you have access to health and education
- Protecting you from unfairness and discrimination
- Keeping you safe
- Protecting the environment we share
- Protecting your freedom as an individual

In turn, we all owe it to each other to respect and obey the law.
